## WHO:

The Pawsitive Collection and Global Pet Foods have partnered up together to host our 2nd annual. Christmas Pet Drive. We found so much joy and success helping out rescues last year.

## WHAT:

The Christmas Pet Drive's main goal is to collect any type of donations for animal shelters. The main items that rescues are looking for are: food, accessories, diapers, pee pads, cat litter.. and the list goes on

## WHERE:

This year we've chosen 5 Local Rescues to help:

- Vokra,
- Hug-A-Bull
- Endless Pawsibilities

## HOW:

If you would like to help us make this possible, all we ask is for you to keep a donation box at your store for pet owners to donate. We will have someone come by and collect the items frequently.

Last year, Pawswapp announced our Christmas Drive on their social accounts and blog page. Those that are going to be helping us will be included in this year's announcement.
