HOTLINE TO HR is proud to provide a **free** Employee Handbook valued at \$500.00.

Exclusive to Chamber members only.

A main advantage of issuing an Employee Handbook is to establish a uniform employment policy. To maintain a good hallmark of employee relations, an Employee Handbook defines and codifies the employer's standards. These defined and communicated standards allow employers to treat employees consistently on a long term basis. An Employee Handbook is also the most convenient device for communicating established employer standards to the workforce.
